## THE LANCHA TEXTILES, INC. MISSION STATEMENT

“To offer our customers high quality products, superior service, and competitive pricing and to always communicate and operate our business in the most honest and ethical manner possible.”

## WHO IS LANCHA TEXTILES, INC.

LanCha Textiles, Inc. was formed when Altex Products owners decided to close down the corporation. Lance & Charyl Peifer were determined to put together a company to continue to provide the same quality products to our long time customers. LanCha Textiles prides itself on manufacturing high quality products and offering better service and flexibility to our customers.

LanCha Textiles and all those who work for us will dedicate our time and energy to finding better ways to make our products perform. We will work to find ways to reduce our costs, while maintaining our commitment to quality and US Manufacturing. Although we, like our competitors, must buy some of the components for our products overseas, we are dedicated to manufacturing our finished products in the USA.

LanCha Textiles hopes to expand our product offering to include some standard textile items that we will import based upon a very strict adherence to our higher quality requirements. We plan to offer these products at prices competitive to other importers so that they can be combined with our US manufactured goods for greater freight savings.

LanCha Textiles, Inc. offers the original Alegria® Premium Comfort Pad. Many may remember the Alegria® from Allstate Medical Products. We are the only source for this incredible product.
